**My Classic Car DVD Collection**

American automobiles have been around since the early 1900’s, but in the 50’s, 60’s, and 70’s they became a part of American culture, and they gave America an identity. With the help of Dennis Gage you can take a look at the cool cars of the 1940’s and the muscle cars of the 60s and 70s. In Cool Cars Of The Fifties, take a nostalgic ride in such classics as a 1948 Tacker, 1955 Bel Air, 1954 Buick Riviera and 1950 Mercury just to name a few. Or take a ride to the metal ride with such muscle machine manufacturers as Chevrolet, Ford, Buick, Oldsmobile, Pontiac and the Mopars. Also available is Jay Leno, Certified Car Nut. Dennis takes you inside Jays garage to look at his collection and take some of his favorite cars and motorcycle for test drives.
